To assure compliance with all applicable U.S. Government requirements concerning security, the holder shall, before commencing any new service (including charter flights) from a foreign airport that would be the holder's last point of departure for the United States, contact its International Principal Security Inspector (IPSI) to advise the IPSI of its plans and to find out whether the Transportation Security Administration has determined that security is adequate to allow such airport(s) to be served;
- (3) Comply with the requirements for minimum insurance coverage contained in 14 CFR Part 205, and, prior to the commencement of any operations under this authority, file evidence of such coverage, in the form of a completed OST Form 6411, with the Federal Aviation Administration's Program Management Branch (AFS-260), Flight Standards Service (any changes to, or termination of, insurance also shall be filed with that office);
